Working closely with our clients Ja-Co Welding & Consulting Ltd. has built a wide range of drilling rig styles. These Rig Packages have been built to each client's individual custom requirements. With Ja-Co's on site resources and experienced staff, we are able to expedite rig builds in a short time frame meeting or exceeding our client's delivery time lines.

Completed rig packages in the past 36 months:

Client	Rig#	Model	Setback Capacity (daN)	Hook Load (daN)
Ironhand Drilling	3	Telescopic Double	177,000	177,000
	4	Telescopic Double	177,000	177,000
	5	Telescopic Double	177,000	177,000
Patterson UTI Drilling	14	Triple	178,000	222,400
	15	Triple	178,000	222,400
	16	Triple	178,000	222,400
Precision Drilling	520	Triple	178,000	222,400
	521	Triple	178,000	222,400
	522	Triple	178,000	222,400
	523	Triple	178,000	222,400
	524	Triple	178,000	222,400
	525	Triple	178,000	222,400
Saxon/Schlumberger	526	Triple	178,000	222,400
	160	Rack & Pinion	133,450	275,000
	161	Rack & Pinion	133,450	275,000
	162	Rack & Pinion	133,450	275,000
Stewart & Stevenson	163	Rack & Pinion	133,450	275,000
	156	Telescopic Double	177,000	195,700
Xtreme Coil Drilling	11	XTC 300 Coil	n/a	*88,900
	12	XTC 300 Coil	n/a	*88,900
	14	XTC 300 Coil	n/a	*88,900
	15	XTC 300 Coil	n/a	*88,900
	16	XTC 400 Coil	n/a	*88,900
	17	XTC 400 Coil	n/a	*88,900

\* Coil injector rating

In addition to the above completed rig packages Ja-Co Welding & Consulting Ltd. has also built individual pieces of equipment for Lakota Drilling, Nabors Drilling, Trinidad Drilling and Akita Drilling. The equipment built included Substructures, Masts, Tanks, Catwalks and Support Buildings.
